The Ventura Botanical Gardens is the perfect location for your very special wedding, reunion, corporate or other memorable event. With spectacular coastal views, we offer two breathtaking event locations—Summit Plateau and Summit Ridge. You can rent the location for several hours or all day. Included in the rental is the use of the parking lot and an array of recommendations for vendors, from photographers to catering.

Summit Plateau *Accommodates 350*

Our most dramatic location, Summit Plateau has astonishing views of the spectacular California coastline, the Channel Islands and lush agricultural greenery. This outdoor venue provides a striking setting for weddings and other large events.

Summit Ridge *Accommodates 75*

For more intimate events, Summit Ridge lies under the languid reach of our dramatic California pepper trees, offering a serene setting with stunning garden and ocean views.

Welcome Center *Accommodates 75-150*

For informal gatherings like smaller weddings, parties or other community activities, this venue at the entrance, is the perfect location with easy access and parking. If you are a film company or performer with parking needs for large vehicles, this venue offers four parking spaces for larger vehicles and 50 spaces for standard vehicles. *Subject to change.*

Open year-round, Tuesday through Sunday from 7am to 9pm.

If these hours and dates don't work for your special day, please request the date and time you prefer. Sometimes we can accommodate events on days the Gardens are closed.

Serra Cross: While not a part of the Ventura Botanical Gardens, Serra Cross also offers a beautiful wedding venue. If you would like to rent space there, visit: SerraCrossPark.com/Booking.html.
