Summit Plateau has partial parking, for some large events, a shuttle service is needed.

The rental fee supports the work of VBG and is the same for residents, non-residents and Botanical Garden Members. The fee entitles you to the use of our upper parking lot, a site monitor to lock and unlock park gates, access to our Events Coordinator to guide you through our process and our recommended vendors list. You can bring in any vendors you choose, but these vendors are familiar with our facility. Your guests are allowed to walk through the gardens to your event during open hours at no charge.

Once your application is approved, a deposit and signed contract will reserve your date(s). All events need to provide Proof of Public Liability Insurance, we can offer referrals. Alcohol permit is required if applicable.
